

Sustainability Committee Goals 08-09

- 1) Departmental Assessments. Individual departments in student affairs will invite staff from the Office of Environmental Policy to conduct an assessment of practices and hold a presentation on recommendations for sustainable strategies for the future.
- 2) Student Office Operations Assessments. Encourage the offices for WHUS, USG, Daily Campus, SUBOG, and UCTV to engage in an operational assessment and presentation with the Office of Environmental Policy.
- 3) Duplicity Default. Departments will contact SAIT to reset their printers where possible to default double-sided printing.
- 4) Paper goods. The committee will research paper alternatives and send out an email suggesting sustainable alternatives for staff use.
- 5) HESA Education on Sustainability. Julie will create a packet of web-based materials including web-sites, accessible free webinars, operational definitions, research and background on the Association for the Advancement of Sustainability in Higher Education to be used in the HESA management course.
- 6) Recycling. Create methods to enhance recycling among Student Affairs Staff.
- 7) Earth Day. Develop methods of outreach to staff to participate in Earth Day on Wednesday, April 22, 2009.
- 8) Outreach Education and the Eco House. Discover methods to coordinate outreach education on sustainable practices with the Living and Learning Community Eco House.
